Why Did You Ultimately Choose to Enroll Your Student? Please select the option that best describes your primary reason for enrolling.

- My student previously experienced bullying or felt unsafe in their prior school environment.
- My student benefits from smaller class sizes, more individualized attention, and support that was not provided in their previous school.
- My student needed the flexibility and efficient use of time that an online school provides.
- My student struggled in a traditional school environment and needed a learning setting that better fits their needs academically or personally.
- My student was previously homeschooled, and we felt an online school was the best transition for structure and support.
- My student needed to catch up on credits academically, and this felt like the best way to get back on track.
